

Town Topics.

Smile all your face can stand. Saturday was a busy day in Chipley.

There is a tinge of fall in the atmosphere.

If you want to do a good deed, whoop up the Fair.

Three things to wish for—health, friends and contentment.

How any man, not the possessor of an airship, can oppose good roads is beyond our ken.

If you want to spend a pleasant evening be sure to go to Blue Pond next Tuesday night to the W. C. T. U. rally.

There is no telling what we are coming to, so many are saying, but you can't always judge the future by the past.

The Dunn Hardware Co. is out after your hardware trade, and if reasonable prices will get it they will certainly sell you your hardware.

Nature is and has always been the friend of the South. It was never more so than when it reduced the acreage and added to the price of cotton.

C. E. Pleas appeared the hunger of the Banner editor by bringing him some cow peas for his dinner Saturday, and we tell you they were sure fine.

Slide a dollar across the counter of a local merchant and it may be in your pay envelop next Saturday. Send it out of town and it is gone for all time.

Some people have a way of lounging around and kicking at everything that is good for their town until they would make a balking mule ashamed of himself.

The Epworth League meets Sunday afternoon at 5 o'clock at the Methodist church. A splendid program has been arranged, and you are cordially invited to be present.

Money spent for good roads is as good an investment for improving the farm as is money put into stock sheds, grain cribs, fences or anything else that makes the farm pay.

If everybody would pay their bills when due, this old world would be a more desirable place in which to live. Don't make a debt if you know you can't pay it when it comes due.

The high schools and academies are opening their doors and within these halls the young people of today may find the keys that will unlock the doors of opportunity for tomorrow.

Georgia is advertising land as pecan land and doing fine business along that line. Our section can grow fine nuts as any land, and the people are not told about it. The pecan is a money maker.

We do not know of anything that would be more welcome in Chipley than a good bakery and a good laundry. We believe the laundry would receive a good patronage and the bakery we feel confidently would be well supported.

A lot of people are by advertising like they are by religion. When they are in desperate straights they take their troubles to the Lord in prayer and some live advertising copy to the local newspaper office, but when the Lord's blessings and live advertising have brought prosperity to their doors, they speedily forget both until trouble comes again.

Tuesday Afternoon Meeting.

A large attendance of those interested in the work and an interesting program combined made the W. C. T. U. meeting last Tuesday afternoon one of unusual interest.

An article entitled "Why Uncle Joe refused to sell cider," read by Mrs. V. E. Coleman was thoroughly enjoyed.

The reports of the different committees showed that in Washington county, at least, the W. C. T. U. is fast gaining ground.

Arrangements are being made for a moonlight picnic at Blue Pond next Tuesday night. All are cordially invited to attend.

THE MOONLIGHT PICNIC.

The old B. C. with its flat cars has carried many a load of pleasure seekers down the line, but we doubt if ever a jollier crowd than the one last Monday night, on the moonlight excursion to Wausau, given under the auspices of the W. C. T. U.

The train, with about 125 on board, left Chipley about 8 o'clock, reaching Wausau a little before nine. There they were most royally welcomed and entertained by the good people of that place. The temperance meeting at the church, was, of course, the main feature of the evening. The following program was rendered:

- 1st. Selection by the band.
- 2nd. Prayer by Rev. Owens.
- 3rd. Glory Song, by chorus of girls.
- 4th. Song, "Vote for Prohibition," by six boys.

Mr. D. J. Jones, orator of the evening, then presented the temperance question in an unusual forceful way. After which the audience was dismissed with a short prayer by Bro. Mays.

Some who indulge in "heart to heart talk" are in reality but rank gossipers.

Mrs. Berta Blake happened to the good fortune Tuesday to find her diamond ring which had been lost for several weeks.

Campbell & Dekle Co's remnant sale is now on; if you want to pick up some good bargains, get yourself up to their Remnant Counter.

The W. C. T. U. will have a big rally and picnic at Blue Pond next Tuesday night to which the public is cordially invited. You are assured of a good time if you go.

Last Saturday was the birth anniversary of Messrs. C. E. Pleas, A. D. Campbell and C. E. Wilson, in honor of which august event Mrs. Pleas served ice cream and cake. The editor of the Banner was an invited guest and to say we enjoyed the occasion is putting it but mildly, and we are quite sure that we never ate finer cake or more delicious cream.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, S. C.

The world owes every man a living, but if he wants to collect it he's got to get out and hustle.

Be sure you see the H. Baker line of cutlery at the Hardware Store.—Dunn Hardware Co.

HINTS TO FARMERS.

Now is the time that you realize on your season's work.

As you sell your cotton, grain, stock or other produce, place your money on open account with a reliable bank.

Pay all your bills by check, which makes the best kind of a receipt, and avoid the worry and danger attending the carrying of large sums of money.

Our offices are always at the disposal of our customers and country friends.

The First National Bank OF CHIPLEY.

"Hardware."
